

OXFORD FLOW GAS REGULATOR

MODEL: IM-S – WAFER

High performance gas pressure regulator

PRODUCT OVERVIEW

The IM-S Series pilot-operated, regulator range offers high levels of performance with an axial flow design for process gases.

The wafer-type body fits between PN10 – PN100 and ANSI Class 150 – 600 flanges, significantly simplifying procurement and maintenance. The patented, compact construction significantly reduces weight and the need for expensive lifting equipment during installation and maintenance.

APPLICATIONS

The machined 316L body and internals are ideally suited for gas transmission and distribution applications with natural gas, hydrogen, air and other process gases.

Max. Inlet Pressure	1450 psi
Max. Outlet Pressure	1435 psi
Leakage	EN 60534-4: CLASS VI
Lock-up Class	EN 334: SG 5
Accuracy Class	EN 334: AC 1 ¹
Temperature range	-40°F to +248°F ²
Ports	BSPT/NPT

¹ Accuracy class depends on set pressure & pilot valve

² Dependent on seal material

³ Not for use as a safety device

BENEFITS & FEATURES

- Low installation and maintenance costs
 - Small installation footprint ideally suited to new and retrofit applications³
 - Compatible face-to-face length with competitor wafer valves
 - Piston actuated – no diaphragm
 - Corrosion resistance throughout with minimal threaded fittings
- High performance and durability
 - Accurate pressure control with fast response
 - No fragile diaphragm in main flow path
 - Reliable tight shut-off
- Robust stainless steel 316L valve internals have been verified for hydrogen compatibility
- Industry leading 10 year recommended service interval

PERFORMANCE & SIZING

IM-S Series Regulators are available in sizes from DN050-DN200 (2"-8"), as follows:

Model Number	Nominal Diameter	K _v	K _g	C _v	C _g
IMS-50S	2"	36	1238	42	1177
IMS-50	2"	36	1238	42	1177
IMS-80	3"	88	2891	101	2749
IMS-100	4"	140	4682	161	4451
IMS-150	6"	277	9506	320	9036
IMS-200	8"	418	14745	483	14106

KEY DIMENSIONS

Model Number	Nominal Diameter	Diameter (A)	Length (B)	Height (C)	Weight
IMS-50S	2"	4.13"	3.03"	10.55"	18 lbs
IMS-50	2"	4.13"	3.41"	8.74"	17 lbs
IMS-80	3"	5.37"	4.09"	9.45"	26 lbs
IMS-100	4"	6.42"	5.24"	10.04"	40 lbs
IMS-150	6"	8.58"	6.89"	11.02"	79 lbs
IMS-200	8"	10.79"	8.07"	12.20"	145 lbs

SIMPLE INSTALLATION

CONSTRUCTION MATERIALS

Components	Materials
Body & actuator	Stainless steel 316L
Seals & soft parts	PTFE, NBR/FKM/ EPDM*
Pilot	Stainless steel 316L (in gas contact) Aluminium 6082-T6
Trim and fittings	Stainless steel 316/316L

*Alternative materials available on request
